

Amendments to the Specification

Please replace the paragraph beginning on page 2 line 16 with the following paragraph:

The conventional ID tag with the nullification mechanism, however, needs intentional nullification (by an operator or the like), and negligence of this processing may fail to safely protect personal information.

Please replace the paragraph beginning on page 3 line 11 with the following paragraph:

The present invention conceived after considering the situation, and an object thereof is to provide an ID tag which can automatically be nullified without intentional nullification (by an operator or the like).
